

Red Marines, LLC.

Dear REDMarines Festival Sponsor,

On the weekend of June 18-20th, 2010 music enthusiasts from around the world will gather in the outdoors of Northern California to participate in the 6th Annual Red Marines Music Festival. Organized by Red Marines, LLC and the Russian American Cultural Foundation the main objective of this event is to bring people together through the common interests in music and art to generate awareness and raise funds for the support of recent Iraq and Afghanistan war veterans, and those in need of proper medical treatment and adequate health care. A portion of the proceeds garnered from the event is donated to the VA Medical Centers across America.

A recent study from Harvard University titled "Soldiers Returning from Iraq and Afghanistan: The long-term costs of providing veterans medical care and disability benefits," reports that "Veterans Administration is both under-funded and under-equipped to deal with the imminent costs of veterans' health care." Some of the rising pressure has been alleviated by private sponsorship and individual donations, but our event will serve a necessary function of addressing veteran issues on a larger communal scale. The festival has been successfully orchestrated during the past five years, and the coming festival is projected to be the largest one yet. More than 50 performing bands and artists, 3D modeling graphic designers, photography and art exhibitions, are all committed to the cause by displaying their talents at the coming event.

Prior REDMarines Festivals have received media coverage from KBTU, the San Francisco Chronicle, SF Weekly, Radio Stations: Live 105, Energy 92.7, 107.7 The Bone, Novoe Radio (San Jose), and Russian language newspapers.

We also encourage you to watch our 11 minute festival documentary, as well as the pictures, which can be found on our website: <http://www.redmarines.com>

All event licenses and permits have been obtained and are in compliance and approval with the San Mateo County Conventions and Visitors Bureau.

With a full 3-day festival culminating on Saturday night, we expect participant retention to be stronger than ever for the duration of the entire event. Through your support, your own message will reach the participants through promotion visibility and direct sales opportunities. You will not only be advertising and promoting your business, service, or

product, but will be supporting a non-profit organization with all applicable tax-exemption benefits.

In addition to the music/art aspects and veteran health care support, much of our demographic of attendees are health-conscious individuals who value businesses of your direction and dedication to health-care.

In the form below, you will find an outline of several sponsorship options for your careful review.
